

POLICY

Official Version: v1.0 | Published: 2025-03-15

Digital Governance, Privacy & Civic Technology Framework

Open-source citizen service architecture, zero-PII public reporting, cryptographic document hashing, and digital rights.

OFFICIAL CHARTER PROVISIONS & STATUTORY UNDERTAKINGS

Standard 1: Open source code for all public verification tools and civic trackers.

Standard 2: Privacy by Design: Zero storage of sensitive biometric or identity card raw images on public servers.

Standard 3: Cryptographic immutability: SHA-256 verification hashes published for all official declarations.

Standard 4: High security authentication and role-based access control across all party administration systems.

Standard 5: Zero proprietary software lock-in with open data formats for civic records.

CERTIFICATE OF PUBLIC RECORD & INTEGRITY

This document is an authentic organizational record of Nagrik Party (Formation Phase).
